Welcome to Camp Copneconic's Scouts Program!

We know that every group that comes to camp is unique, and we want our program to match the diverse characteristics of each group we serve. Our Scouts program is designed to give Girl Scout troops a customized camp experience to achieve personal and group goals, fulfill badge requirements, improve leadership skills, and enjoy the outdoors.

Our program is made up of 60+ activities from the following categories:

E-STEM

E-STEM stands for Environmental Science, Technology, Engineering, and Math. We put together the two things we do best: environmental education and hands-on experimental learning to create this category. It's filled with activities to enhance Scouts' understanding of the natural world and explorations of science, technology and math. E-STEM activities include Pond Study, Nature Hikes, Fire Building, Egg Drops, Buoyancy Labs, and so much more.

RECREATION

Camp Copneconic is a premier Outdoor Education facility, but we're a Summer Camp at heart. Recreational activities are synonymous with quintessential camp fun! These activities include, but aren't limited to: Archery, Disc Golf, Kayaking, Mountain Biking and Camp Games.

TEAMBUILDING

Camp provides a perfect environment for personal and group development. By putting Scouts in new surroundings, they're able to learn about themselves and their troop. Our teambuilding activities are developed to encourage communication, camaraderie, and trust in groups. We accomplish this through activities such as Challenge Course, Orienteering, and Creature (a communication/listening challenge).

HIGH ADVENTURE

Our High Adventure activities, including Zip Lines, a Climbing Tower, High Ropes Course, and Giant Swing, give Scouts an opportunity to step outside their comfort zone and challenge themselves. Each activity has a variety of challenges, so no Scout has to push herself further than they feel comfortable doing.

CULTURE/HISTORY/ART

Historical and Cultural Lessons explore the rich history of the past, ranging from local Native American life to Michigan settlers. Scouts are immersed in activities which will take them back in time, and relate stories of the past to their present-day lives. Michigan Country, Native Peoples and Pioneer Crafts are available for campers to engage in active historical education.

WINTER

Winter at Camp Copneconic is a sight to behold! We offer a number of activities for Scouts to enjoy the snowy surroundings, including a Toboggan Run, Cross Country Skiing, Snowshoeing, Ice Fishing, and more! Each of these are weather dependent, so when groups select a winter activity, we also ask for a backup choice if Mother Nature doesn't cooperate with our plans!

One of our most popular recreational activities immerses campers in an hour-long session of non-stop, traditional camp fun. Campers experience some of Camp Copneconic's best kid-tested games, such as Head-it-Catch-it, 'Flinch', and 'Zombie Tag.' Hopefully campers will bring some of these games home to family and friends!

Native American Storytellers

Storytelling is an art that has taken many forms throughout history. This class has campers hearing and playing roles in a traditional Native American story. After the instructor-led story, campers will break into small groups and face the challenge of recreating a traditional Native American story that will entertain their classmates using Native American props, instruments, and their imagination.

Native Skies

Shhh! As we move out to a secluded field campers will practice the stealthy moves of the Chippewa in order to shake off any would-be trackers. Once there, our instructors will tell the Native American story of 'how we received the moon and stars.' We'll also use a high-powered laser pointer to show common constellations and explore the vast expanse of stars that fill the night sky.

Songfest

In this musical activity, campers are broken into teams and given a 'performance word' by their instructor. One by one, each group has the opportunity to perform a few lines of a song featuring that word. Points are only given if the whole team participates. Extra points are awarded for creativity and choreography, and the team with the most creative performances will be crowned the 'Songfest Stars.'
